

### ADDENDA 3

#### RFP/Q ARCHITECTURAL SERVICES FOR PICKLEBALL COMPLEX

“The emailed questions listed below were received (January 15) prior to the Mandatory Pre-Proposal Meeting & Site Visit (January 18), therefore, Troup County answered both questions (1. & 2.) at the Mandatory Pre-Proposal Meeting & Site Visit. Since all firms in attendance at the Mandatory Pre-Proposal Meeting & Site Visit (January 18) received the same information concerning both questions (1. & 2.), Troup County did not include them in the previous Addendum(s).

However, listed below are the following answers to the questions:

1. Please do not submit redundant information about your firm, team members, experience, projects, etc. Please submit all necessary information to address the RFQ/P requirements and specifications in a concise professional proposal that demonstrates your firm’s qualifications as they relate to the proposed project.
2. Per the official RFQ/P Packet (Invitation to Bid) on the Troup County website and the Mandatory Pre-Proposal Meeting & Site Visit, please submit the Fee Proposal Form (Exhibit D) as requested, no changes to the fee proposal form. Troup County understands that some of these budgeted costs/fees may fall outside the architects/engineers scope, but please submit the Fee Proposal Form (Exhibit D) as requested, no changes to the fee proposal form.”
