Troup County Conducts Canned Food Drive for Local Salvation Army

Troup County, Ga. October 30, 2019 – Troup County recently conducted a successful canned food drive as a part of their United Way Campaign to benefit The Salvation Army of LaGrange.

The canned food drive was organized as a way to offer support to those in need within the local community. The County collected dozens of canned food items that will be provided to residents in need through the organization's food pantry, which is available by appointment.

The drive was held for two consecutive weeks before being distributed to The Salvation Army of LaGrange. The Troup County Board of Commissioners would like to thank all those who participated in the canned food drive and contributed to the success of giving back to those in need within our community.

The Salvation Army of LaGrange seeks to meet human needs without discrimination through giving back to those in need through donations, guidance, and encouragement. The organization offers rent assistance, utility assistance, clothing and food assistance, and disaster relief services.
