Troup County Conducts School Supply Drive to Benefit Local Children in Need

Troup County, Ga. August, 12, 2019 – Troup County recently conducted a successful back to school supply drive for local children in need.

The school supply drive was organized as a way to give back to the growing community, and all donations will be distributed to schools in the Troup County School System.

The County collected hundreds of contributions from several drop-off sites located throughout the county, which will be used to benefit local elementary and middle school students specifically in need of school supplies. The supply drive was held for two consecutive weeks before the beginning of the 2019-2020 school year for the Troup County School System.

The Troup County Board of Commissioners would like to thank all those who participated in the school supply drive and contributed to the success of donating school supplies into the hands of children in our community.

The generous donations from the public will be distributed directly to the school system, who will then disperse the supplies to local students.
