It is possible that this entire package will not be awarded to one vendor. There is an opportunity for each bidder to offer a discount for the award of the entire package to a single bidder.

All bids must include a 5% bid bond. A 100% performance and payment bond will be required from a successful bidder that is awarded a dollar amount of \$100,000.00 or greater of their bid. The sureties must either be authorized by the Insurance Commissioner of Georgia to do business in Georgia or must be on the United States Treasury's list of approved bond sureties. If the surety is on the United States Treasury's list, proof must be provided with the bond.

Any successful bidder will be required to submit a completed vendor package if we do not currently have one on file for your company. Please note that Troup County Board of Commissioners makes payment by ACH and the ACH form with the vendor package must be completed and returned if you are a successful bidder.

Troup County reserves the right to accept or reject any/all bids and to make any decision deemed to be in the best interest of the County.
