Address Anatomy

Street (Road) name

Street name fields should only be used for Street name data. Other information should not be stored in these fields, such as 'Rear' or 'Off', etc.

| <i>Dir</i> | <i>StreetName</i> | <i>Type</i> | <i>Quad</i> |
|------------|-------------------|-------------|-------------|
| E | GREENWICH | CIR | SE |
| | SR 219 | | NW |

Dir - Directions are abbreviated to the single character name of the word, N, S, E, W. No two character abbreviations.

Streetname – Street names are included here. They should always be typed or spelled the same way. Avoid punctuation marks. For example, O G Skinner Rd, should never be O. G. Skinner Rd. Be aware of special spelling or name rules. Using the same example, O G Skinner Rd should never be OG Skinner. Abbreviations should be avoided.
