

Troup County Board of Commssioners

Social Media Policy

Troup County participates in Facebook, Twitter and other social media platforms in order to engage individuals and organizations in a more active, vibrant community. The County provides content on Facebook, Twitter threads, etc to inform our community members in a timely fashion and to share information to a larger online audience. While these platforms provide opportunities for users to post comments, the County primarily provides these platforms as a tool for information dissemination.

If you have any specific service or policy related questions, please feel free to contact the Board of Commissioners' Office at 706-883-1610, or commissioners@troupc.org. While we encourage our community to share ideas, thoughts and opinions on our social media pages, we expect that this will be done in a respectful manner.

Troup County does not agree with or endorse every comment that individuals post on our page. Our goal is to share ideas and information with as many individuals as possible and our policy is to accept the majority of comments made to our community page as long as they are in keeping with a respectful exchange of ideas. Troup County reserves the right to remove disrespectful, hateful or inaccurate posts, and may ban habitual abusers.
